

Equi-Still Stocks & Dental Instrumentation
Recommended Instrumentation by Level

	Diagnostic Necessities	Mouth Speculums	Illumination	Flushing System	Floating system	Wolf Tooth Extraction	Specialised instruments	Standing Stocks
Let's Examine and Float... <i>Examining mouths is simpler with the right instruments</i>								
	Dental Mirror round or rectangular with pouch or cover	Standard Speculum Plates for Standard Speculum	Rechargeable Head Lamp	Rinsing Pistol 200 ml Rinsing Syringe 400 ml	Basic Hand Float Set Diamond S-Float	Wolf Tooth Set of 6 with Pouch	Capps Forceps LeClair Kit	
	Dental Probe (hook) Classic	Classic Std/Lg, Incis Maloccl		Hydro Jet	Diamond Caudal Rasp Pistol Grip		Long Shafted Elevators	
	Dental Probe (hook) Small	Std/Lg, Diastema Plates)			Pony Hand Floats		Dental X-Ray Block	
	Explorer	Incisor Speculum					Intraoral Camera-Scope	
	Stainless Steel Bucket	Pony-Mini-Camelid Speculum						
	Cheek Retractor							
	Oscillating Head Stand							
Let's Treat Diastemata... <i>The right instruments make it possible</i>								
	Dental Halter	Speculum Arch Spreader	Headlight Set	Equus Jet Eco			Dental Picks, buccal-vestibular/lingual	Equi-Still Portable Stocks
	Dental Halter Support			Equus Jet			Dental Picks, mesial/distal (rostral/caudal)	Equi-Still Stationary Stocks
	K-Files (various sizes)						Gracie Curette L (Dental Sond)	
							Gracie Curette R (Dental Sond)	
							Root Fragment Forceps (in MITE KIT)	
							Pegasos Dental Probe Long Strong	
							Pegasos Dental Probe Short Fine	
							3M Impression Material	
Let's Get the Power... <i>Basic floating necessitates good basic instruments</i>								
		Extra large speculum plates	Magnetic Speculum Lamp	Equus Jet	Evolution Set Level 2 Watercooled	Wolf Tooth Kit LeClair		Equi-Still Portable Stocks
		Diastema speculum plates				Wolf Tooth Nerve Block Syringe		Equi-Still Stationary Stocks
		Lateral Mouth Speculum						
Let's Get Precise... <i>More precise floating requires more precise instrumentation.</i>								
		Millennium Speculum	Surgical Lamp Rechargeable		Evolution Set Level 3 watercooled	Pegasos Extraction Kit (4 luxators)	Pegasos Dental Pick Set - Basic (8 deg T-handle	Equi-Still Portable Stocks
		Above plates fit Millennium			Evolution Set Level 4 watercooled	Pegasos Complete Extraction Kit	5 wide luxators, torque screwdrier)	Equi-Still Stationary Stocks
					Burr for 11s	(6 luxators)	Pegasos Dental Pick Other Inserts: Narrow	
					Burr for Ponies and Camelids		luxators/chisel set/probe set/spoon set	
					Other Assorted Evolution Burrs		Pegasos Dental Pick T handles (Deg: 0/18/30)	
							Pegasos Storage Block Autoclavable (plastic)	
							Pegasos Storage Block Autoclavable (metal)	
Let's Get Surgical... <i>Equine dental extraction requires specialised instrumentation and training</i>								
							HDE Molar Forceps 4-prong	Equi-Still Portable Stocks
							HDE Molar Forceps 3-prong R	Equi-Still Stationary Stocks
							HDE Molar Forceps 3-prong L	
							HDE Molar Forceps with Screw	
							HDE Molar Forceps without Screw	
							HDE Molar Separators	
							HDE Pony Molar Spreader	
							HDE Pony Molar Forceps	
							HDE Fulcrum Set 1	
							HDE Fulcrum Set 2	
							HDE 2-root Fragment Forceps	
Let's Treat on Referral... <i>Advanced practitioners need specific instruments for the most professional results</i>								
				Equus Jet Connect			Equodent with Watercooling	Equi-Still Portable Stocks
							Equodent Carbide Burrs	Equi-Still Stationary Stocks
							Pegasos Molar Separators #1	
							Pegasos Molar Separators #2	
							Pegasos Molar Separators #3	
							Pegasos Extraction Forceps #1	
							Pegasos Extraction Forceps #2	
							MITE Kit (Only for MITE-trained vets)	
							Pegasos Reverse Fulcrum	
							Mallet	
							Trephines- Set of 3
