www.equinebladesdirect.com

- ⊕ Developed to be the most user-friendly dental system on the market
- ⊕ Dynamic adjustable torque motor - industry proven
- ⊕ Cross/Key/Square/Slot Drive Cable options
- ⊕ Lightweight aluminium handpieces
- ⊕ Longer lasting heads
- ⊕ Compatible with other power systems
- ⊕ Reduced servicing costs & option for DIY servicing
- ⊕ Available in a variety of complete kits to suit the different needs of practitioners
- ⊕ Belt mounted or hanging motor versions
- ⊕ Made in the UK

Hanging Motor Kit version

Belted version

DYNAMIC Motor

Powerful, quiet, brushless motor. Adjustable torque system. The motor unit contains the on/off switch and the variable speed dial, torque control and foot pedal dock.

DYNAMIC Battery

The Dynamic belt holds one 40 volt Makita Battery. The supplied 2.5 ah battery (treats up to 10-12 horses) is lightweight, very durable and very powerful. 4 ah batteries are available for busy practitioners (treats up to 18-20 horses).

DYNAMIC Disc and Diverse Kit

Great for busy practitioners with Dynamic Disc and Diverse handpieces (Medium Applecore fitted to Diverse handpiece). Saves head changeover time during procedures. This kit gives the user full capability for disc and Applecore burr work. Additional burrs available for diastema and buccal burr work. Can be supplied with the customer's choice of either Medium (40cm) or Long (47cm) length handpieces. A straight Disc handpiece version is also available. DKITCOMP - £4180

Hanging Motor Version

DKITCOMP

NEW

Comes with 1.6 metre drive cable as standard. Recommend optional foot pedal.

DYNAMIC Cross Drive

Supplied with 1.2m long unique DYNAMIC Heavy Duty Cross Drive cable, which cuts vibration for a smoother power delivery. Also available in our own Key Drive, Square Drive, Slot Drive and Shear Pin drive cable head fittings if required.

Kit includes:

Carry case

Disc/Burr Removal Kit

Battery charger unit

Grease gun / DYNAMIC Food grade grease

Long straight handpiece with DIVERSE head and Applecore burr

Long curved handpiece with Disc head

DYNAMIC Complete Kits

Motor on Belt and Hanging Motor

DYNAMIC Duo Kit

Gives the same capability as the DYNAMIC Disc and Diverse kit but with only one handpiece supplied. Requires a head change from disc to diverse for Applecore work. Additional shaft can be added at a later date.
DKITDUO - £3600

Hanging motor version available
DKITDUOH

Kit includes:

DYNAMIC Disc Kit

Disc only kit. Suitable for practitioners starting out who may want to add a DYNAMIC Diverse Head or a second handpiece at a later date.
DKITDISC - £3150

Hanging motor version available
DKITDISCH

Kit includes:

DYNAMIC Base Kit (Hanging Motor and Belt Motor Option)

Kit comes on a belt or hanging bracket with battery and charger only. Often bought as a back up kit for practitioners to use when their main kit is being serviced or when upgrading from an older kit.
DKITBASE - £1995

Hanging motor version available
DKITBASEH - £1945

The ECOMAK system is a cost effective solution developed for starter/occasional practitioners, or those looking for a spare back up motor.

- Key/Square/Slot/Cross Drive Cable options
- Supports the use of the revolutionary **DYNAMIC Handpieces**
- Lightweight
- DIY Servicing
- Made in the UK

ECOMAK Motor

Powerful, brushed, battery driven. The motor has an on/off switch and speed dial at the top of the housing. It also has a hanger loop at the base of the motor in case the practitioner prefers to use without a belt. Also works with optional foot pedal.

All kits include belts and simple hanging bracket.

ECOMAK Disc and Diverse kit

Great for busy practitioners with DYNAMIC Disc and Diverse handpieces (Medium Applecore fitted to Diverse handpiece). Saves head changeover time during procedures. This kit gives the user full capability for disc and Applecore burr finishing. Additional burrs available for diastema and buccal burr work. Can be supplied with the customer's choice of either Medium (40cm) or Long (47cm) length handpieces. A straight Disc handpiece version is also available. **Straight shaft disc option available**

MKITCOMP - £3180

Battery

Long straight handpiece with Diverse head and Applecore burr

Long curved handpiece with Disc head

DYNAMIC Cross Drive

Unique DYNAMIC Cross Drive. Cuts vibration for a smoother power delivery

ECOMAK Battery

18 Volt Lithium Ion 5Ah Makita battery which can treat up to 4 horses per battery. The battery takes 45 minutes to charge. Extra batteries can be bought from any DYNAMIC/ECOMAK distributor or from any Makita Stockist, helping to reduce problems when travelling or shipping abroad.

Kit includes:

Carry case

Disc/Burr Removal Kit

Battery charger unit

Grease gun / DYNAMIC Food grade grease

Servicing and Aftercare

It is important to keep your equipment clean and heads greased in line with the operating instructions supplied with your equipment. Servicing is also an essential part of the aftercare required to ensure that it continues to function effectively and efficiently. Servicing should at least be an annual event but for those practitioners treating 1000 - 2000 equines a year your dental power tool system (DPTS) will need servicing twice in a year. Regular servicing will, over time, reduce your long term operating costs and the options are:

DYNAMIC EQUIPMENT SERVICE CENTRES

In the UK, Equine Blades Direct Limited have a friendly, fast turnaround service and repair operation and are happy to field technical queries in respect of your equipment. Our

contact details are on the back page of this brochure.

Dynamic has invested heavily in training in the UK and overseas of technicians working within their distribution network with a view to achieving the same level of service and repair as within Equine Blades Direct Limited no matter where you, the customer, live. FOR LOCAL SERVICE AND DISTRIBUTORS SCAN THE QR CODE.

DIY SERVICING

On the Equine Blades Direct Limited website we have a range of online guides. The specialist tools detailed in the guides can be purchased from your local Dynamic equipment outlet.

ECOMAK Duo Kit

Gives the same capability as the Ecomak Disc and Diverse kit but with only one handpiece supplied. Requires a head change from disc to diverse for Applecore work. Additional shaft can be added at a later date.

Straight shaft option available.

MKITDUO - £2600

Kit includes:

ECOMAK Disc Kit

Kit includes:

Disc only kit. Suitable for practitioners starting out who will want to add a DYNAMIC Diverse Head and a second handpiece at a later date.

Straight shaft disc option available

MKITDISC - £2150

ECOMAK Base Kit

Kit comes on a belt with battery and charger only. Often bought as a back up kit.

MKITBASE - £995

ECOMAK is often purchased as a second, or starter kit.

Optional Extras

ECOMAK Holster

Strong and simple, ideal for storing handpiece mid-way through dental procedures.

MHOL - £60

ECOMAK Braces

Hard wearing material, wipe clean. Designed with maximum comfort and breathability in mind.

MBRACE - £30

ECOMAK Battery Charger and Spare Batteries

are available to purchase separately. The battery is available in different Ah depending on the requirements of the practitioner.

ECOMAK Foot Pedal

This is a plug in option ideal for more intricate procedures. Comes with cover.

DFOOTMAK - £175

Speculums and Accessories

Hard wearing speculums, made to our in-house design

Mini Super Deluxe Pony Speculum

SPEC-PONY - £495
Not available in USA

PONY

This Mini SD speculum has been designed to create a better overall experience for our small equine patients. It has smaller opening increments and bite plates which makes it more comfortable. The bite plate design also creates a slight spreader effect making it easier to work.

T-Handle Excavators - Set of 2 (35mm head length)

EXCAVATORS-SET2 - £95

Left and Right. T-handle for greater leverage and control.

A zip up case is included.

DYNAMIC "Pro" Forceps

Introducing a new and improved range of DYNAMIC "Pro" Forceps which have been designed in collaboration with leading equine veterinary dental specialists.

These forceps have been developed on a heavy duty frame but are lightweight enough to allow for one handed operation to ensure comfort and reduce operator fatigue.

This new design significantly increases the success rate of oral extraction. They have a square box joint which gives the forceps added strength and also helps prevent them from slipping off fulcrums during extractions.

Length: 48cm

Universal Spreader Forceps, available in 3 sizes as well as 2 serrated options.

Slim Spreader Forceps (A) 4mm
FORCEPS-PRO-SPREADER-S - £325

Medium Spreader Forceps (B) 5mm

FORCEPS-PRO-3OFF - £325

Concave (I)
FORCEPS-PRO-CONCAVE - £325

Universal Serrated Forceps (D)
FORCEPS-PRO-SERRATED-U - £325
Suitable for both Mandibular and Maxillary cheek teeth

Maxillary Serrated Forceps (E)
FORCEPS-PRO-SERRATED-M - £325
Wider jaws for use on the wider upper maxillary cheek teeth, allow the handles to be closer together for comfortable one handed operation.

Extended General Nerve Block Syringe

40cm from base to needle - £148

Ideal for administering intra-oral local anaesthetic for mandibular/general nerve blocking prior to molar extraction.

SYRINGELONG

SYRINGESHORT

Syringe holder options:
1.8ml Euro Thread
2.2ml UK Thread

Wolf Tooth Nerve Block Syringe

25cm from base to needle - £138

Extended Intra-Oral LA Syringe.
Ideal for administering local anaesthetic for nerve block prior to wolf tooth extraction.

Developed in conjunction with Chris Pearce MRCVS from Equine Dental Clinic

MIR Kit MIRKIT/MIRKITL - £365

For minimally invasive repulsion of dental fragments or fractured teeth. For use by vet surgeons in conjunction with careful radiographic positioning through a small trephine or drill hole. Six pins. Each has a block end that slots into the hammer to aid removal should the pin become lodged in an incorrect position.
(Replacement pins available)

Available in short or long length pins

Universal Dental Hammer

MIRHAMMER - £85

Included in the MIR Kits, but also available separately. Works well with set of 6 elevators and set of 4 short grip elevators. Used to aid wolf/canine/incisor extractions.

Developed in conjunction with Chris Pearce MRCVS from Equine Dental Clinic

New Improved Design

Dentalvator - key drive

Reciprocating blade to elevate the periodontal tissue

- Different sized replacement blades available
- Easy to remove and reposition the blades
- Suitable for incisor, canine, wolf and cheek teeth
- Adjustable grip handle for both incisor and cheek teeth work
- Ground breaking new extraction technique
- More comprehensive elevation resulting in many more successful extractions
- Greatly reduces time spent elevating prior to extraction

Revolutionary

Diastema Putty

DIASTEMAPUTTY - £175

Fast setting impression material for diastema packing. 450ml catalyst and 450ml base.

Extended Endo File Holder

FILEHOLDER - £98

40cm handle with knurling for easy grip. Head can be adjusted to suitable angle. Will hold universal sizes of H and K files (not included)

Universal K files pack of 5

FILEK-PACKOFFIVE - £9.95

Best Seller

Cold sterilisation only

Set of 4 Short Grip Elevators

ELEVATOR-SET-4 - £150

Designed for extracting wolf teeth, but can also be used for canines, incisors and root fragments extractions. Included in the set are two 4mm elevators (one straight and one concave) and two 5mm elevators (one straight and one concave). The concave curved tip hugs the palatal aspect of the wolf tooth reducing the risk of iatrogenic trauma to the palatine artery. Stainless steel base designed to permit gentle hammer usage.

Cold sterilisation only

Set of 6 Incisor Elevators

ELEVATOR-SET-6 - £205

Set of 6 Incisor Elevators with nylon handles and stainless steel base designed to permit gentle hammer usage.

- 3 different angles allows instruments to follow the natural curve of the teeth.
- Comes with 8mm & 12mm head widths to suit different widths of incisor teeth

Basic Burgess Set

BURGESS-BASIC-SET - £120

Tough matt handle grip with two stainless steel screw-in extensions (one straight, one offset) and four cut-out elevator heads (6mm, 8mm, 10mm, 12mm).

Sturdy case included

Individual Incisor Forceps

FORCEPS-INCISOR-DUCKBILL - £110

28cm Duck Bill Incisor Forceps. Ideal design for extracting incisor teeth. Unique angle allows better access for secure purchase on the tooth.

Complete Burgess Set

BURGESSSET-COMPLETE - £275

Triangular Inserts

Rotate for a fresh razor sharp blade

Triangular inserts (X-files) have three sides and stack together to create three cutting surfaces. The three/four groove pattern is designed to hold a steady line while working on the arcades.

These super strong inserts are made from Tungsten Carbide and are designed to be long lasting. The Titanium Nitride coated option increases durability.
